

Letter of Recommendation for Mr Stefan Reindl

April 24th 2024

To whom it may concern,

I am writing this letter of recommendation for Mr Stefan Reindl (born on November 26th 1982, Austrian citizen), who was one of my outstanding Master students, to support him in his further academic and professional endeavors.

I have known Mr Reindl since 2015, when he enrolled at Renmin University's Master of Contemporary China Studies program. He was a student in my course on 'Investing in China', in which he topped the class with his outstanding performance, and I later supervised Mr Reindl's Master thesis 'From Corporate Social Responsibility to Share Value in China – The case of Austrian businesses in China', which he completed highly independently, and which was graded with the highest marks in his batch of graduating students. Mr Reindl's thesis was praised as rigorous and well-conducted by his review and defense panel, and earned him a graduation with distinction.

I found Mr Reindl to be an exceptionally motivated, active, and diligent student, who is able to autonomously conduct rigorous and sound research work, and I would consider him within the top 3% of all my supervised master candidates. Mr Reindl was not only a high performer in my course and with his thesis: He was also the first student in the history of the Contemporary China Studies Program to graduate with a perfect CGPA of 4.0.

I take great pride and pleasure in giving Mr Reindl my highest recommendation for admission to, and employment in, any program of superior academic studies or scholarship. I am convinced that he will be a tremendous addition to your institution, your project, and your team, and I believe without any doubt that Mr Reindl will excel in any position he applies for and might well exceed your expectations, like he did mine. I kindly urge you to consider his application and candidacy seriously, and should you require any additional information in support of Mr Reindl, please feel free to reach out to me at any time.

Sincerely,

Chong Cheng Lin
